ANNUAL TOWN MEETING APRIL 9, 2007

1. ELECTION OF TOWN OFFICIALS

ARTICLE ONE: Election of Town Officers, Saturday, March 17, 2007.

On Motion of Cherylann Sheehan, Deputy Moderator, the following was **VOTED**:

In the event an amendment or substitute motion increases the Finance Committee recommendation, the proponent of the amendment or substitute motion must identify the source of the additional monies to fund said increase.

ARTICLE TWO: By the Board of Selectmen: To see if the Town will vote to adopt changes in Schedule A (Classification Schedule), or Schedule B (Compensation Schedule), or Schedule C (Fringe Benefits) of the Personnel Wage and Salary Administration Plan; to act

upon the recommendations of the Town Administrator as to actions he deems advisable and necessary in order to maintain a fair and equitable pay level and compensation policy; to implement collective bargaining agreements for the following:

- 1. AFSCME, Local #362 (Library Staff Unit)
- 2. Dedham Police Patrolmen's Association
- 3. Dedham Police Association (Lieutenants & Sergeants)
- 4. Dedham Firefighter's Association
- 5. AFSCME, Local #362 (DPW)
- 6. AFSCME, Local #362 (Town Hall)
- 7. AFSCME, Local #362 (Parks)
- 8. AFSCME, Local #362 (Civilian Dispatchers)

or take any other action relative thereto.

VOTED: That the Town adopt Schedule A (Classification Schedule), Schedule B (Compensation Schedule) of the Personnel Wage and Salary Administration Plan (Personnel By-Law) as set forth in Appendix A.

ARTICLE THREE: To see what sum of money the Town will raise and appropriate, or transfer from available funds to defray departmental and incidental expenses of the Town for the fiscal year commencing July 1, 2007, not otherwise provided for, or take any other action relative thereto.

VOTED: That the following sums of money be raised and appropriated or transferred from available funds, as designated, for the specific purposes hereinafter designated, to be expended only for those purposes under the direction of the respective boards, committees, or officers of the Town. And that

for budgetary purposes all weekly/bi-weekly salaries are based upon a 52.2 week

year.

1. In Section 9.6.3 Jurisdiction. Add the following text:

- 3. In the Central Business District, all Design Review Advisory Board recommendations agreed to with the applicant regarding construction details, materials and colors will be specified in the Board's letter to Town boards and the Building Department and shall be binding on the applicant and conformance to the specifications shall be verified by the Building Department in permitting the project through to the final approval. The applicant shall consult the Downtown Design Guidelines on file at the Town Clerk's office for development compliance.
- 2. In Section 9.6.4 Applicability. Delete the words "preliminary or conceptual" in the first sentence
- 3. In Section 9.6.5 Procedures. Delete the first two sentences in their entirety: "Whenever possible, the owner or applicant shall make an appointment and consult with the Design Review Advisory Board prior to the formal submission of preliminary plans to the Planning Board or other town agency and the recommendations may be voluntarily adopted or negotiated by the applicant. Otherwise within five working days after formal submission to the Planning Board, Board of Appeals or the Building Commissioner, the applicant shall transmit a completed Design Review Advisory Board application form together with all supporting materials and one complete set of plans to the Design Review Advisory Board and request its review and recommendations within 21 days of transmittal or such longer period as the applicable legal requirements may allow."

And insert the following sentence in its place:

"Within five working days after formal submission to the Planning Board, Board of Appeals, or the Building Commissioner, the applicant shall transmit a completed Design Review Advisory Board application form together with all supporting materials and six complete sets of plans to the Planning Board office for review and recommendations."

- 4. In Section 9.6.5 add the following new text:
 - The Design Review Advisory Board shall meet once a month to review applications. All materials required above shall be submitted to the Planning Board office ten (10) days prior to the meeting date.

- 3. Applications shall not be deemed to be complete until all the required materials listed on the application form are received in the Planning Board office.
- 4. The Design Review Advisory Board shall have fourteen (14) days from the date of the hearing to issue written recommendations.
- 5. Sign panel replacements and temporary banners may be reviewed at the next scheduled meeting as long as all the required materials have been submitted.

or take any other action relative thereto.

VOTED: That the subject matter of this article be indefinitely postponed.

ARTICLE TWENTY-TWO: By Building Commissioner Kenneth Cimeno. ARTICLE TWENTY-EIGHT: By the Town Administrator at the Request of David Field, Director of Engineering. To see if the Town will vote to amend Chapter Thirty-Six of the Revised By-Laws of the Town of Dedham, as previously amended, to read as follows:

CHAPTER THIRTY-SIX (STORMWATER MANAGEMENT)

PART A: ILLICIT DISCHARGES TO THE MUNICIPAL STORM DRAIN SYSTEM

SECTION 1: PURPOSE

- A. Increased volumes of stormwater and contaminated stormwater runoff are major causes of:
 - (1) impairment of water quality and flow in lakes, ponds, streams, rivers, wetlands and groundwater;
 - (2) contamination of drinking water supplies;
 - (3) alteration or destruction of aquatic and wildlife habitat; and
 - (4) flooding.

The United States Environmental Protection Agency has identified land disturbance and polluted stormwater as major sources of water pollution. Regulation of illicit connections and discharges to the municipal storm drain system is necessary for the protection of the Town of Dedham's water bodies and groundwater, and to safeguard the public health, safety, welfare and the natural resources of the Town.

- B. The objectives of this by-law are:
 - (1) to prevent pollutants from entering the Town of Dedham's municipal storm drain system;
 - (2) to prohibit illicit connections and unauthorized discharges to the Town;

- (3) to require the removal of all such illicit connections;
- (4) to comply with state and federal statutes and regulations relating to stormwater discharges; and
- (5) to establish the legal authority to ensure compliance with the provisions of this by-law through inspection, monitoring, and enforcement;

SECTION 2: DEFINITIONS

For the purposes of this by-law, the following shall mean:

CLEAN WATER ACT: The Federal Water Pollution Control Act (33 U.S.C. § 1251 et seq.) as hereafter amended.

DISCHARGE OF POLLUTANTS: The addition from any source of any pollutant or combination of pollutants into the municipal storm drain system or into the waters of the United States or Commonwealth from any source.

GROUNDWATER: Water beneath the surface of the ground.

ILLICIT CONNECTION: A surface or subsurface drain or conveyance, which allows an illicit discharge into the municipal storm drain system, including without limitation sewage, process wastewater, or wash water and any connections from indoor drains, sinks, or toilets, regardless of whether said connection was previously allowed, permitted, or approved before the effective date of this bylaw.

ILLICIT DISCHARGE: Direct or indirect discharge to the municipal storm drain system that is not composed entirely of stormwater, except as exempted in Section 8. The term does not include a discharge in compliance with an NPDES Storm Water Discharge Permit or a Surface Water Discharge Permit, or resulting from fire fighting activities exempted pursuant to Section 8, of this by-law.

IMPERVIOUS SURFACE: Any material or structure on or above the ground that prevents water infiltrating the underlying soil. Impervious surface includes without limitation roads, paved parking lots, sidewalks, and rooftops.

MUNICIPAL STORM DRAIN SYSTEM or MUNICIPAL SEPARATE STORM SEWER SYSTEM: The system of conveyances designed or used for collecting or conveying stormwater, including any road with a drainage system, street, gutter, curb, inlet, piped storm drain, pumping facility, retention or detention basin, natural or man-made or altered drainage channel, reservoir, and other drainage structure that together comprise the storm drainage system owned or operated by the Town of Dedham.

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES)

STORMWATER DISCHARGE PERMIT: A permit issued by United States Environmental Protection Agency or jointly with the State that authorizes the discharge of pollutants to waters of the United States.

NON-STORMWATER DISCHARGE: Discharge to the municipal storm drain system not composed entirely of stormwater.

PERSON: An individual, partnership, association, firm, company, trust, corporation, agency, authority, department or political subdivision of the Commonwealth or the federal government, to the extent permitted by law, and any officer, employee, or agent of such person.

POLLUTANT: Any element or property of sewage, agricultural, industrial or commercial waste, runoff, leachate, heated effluent, or other matter whether originating at a point or non-point source, that is or may be introduced into any sewage treatment works or waters of the Commonwealth. Pollutants shall include without limitation:

- (1) paints, varnishes, and solvents;
- (2) oil and other automotive fluids;
- (3) non-hazardous liquid and solid wastes and yard wastes;
- (4) refuse, rubbish, garbage, litter, or other discarded or abandoned objects, ordnances, accumulations and floatables;
- (5) pesticides, herbicides, and fertilizers;
- (6) hazardous materials and wastes; sewage, fecal coliform and pathogens;
- (7) dissolved and particulate metals;
- (8) animal wastes:
- (9) rock, sand, salt, soils;
- (10) construction wastes and residues; and
- (11) and noxious or offensive matter of any kind.

PROCESS WASTEWATER: Water which, during manufacturing or processing, comes into direct contact with or results from the production or use of any material, intermediate product, finished product, or waste product.

RECHARGE: The process by which groundwater is replenished by precipitation through the percolation of runoff and surface water through the soil.

STORMWATER: Runoff from precipitation or snow melt.

SURFACE WATER DISCHARGE PERMIT: A permit issued by the Department of Environmental Protection (DEP) pursuant to 314 CMR 3.00 that authorizes the discharge of pollutants to waters of the Commonwealth of Massachusetts.

TOXIC OR HAZARDOUS MATERIAL or WASTE: Any material, which because of its quantity, concentration, chemical, corrosive, flammable, reactive, toxic, infectious or radioactive characteristics, either separately or in combination with any substance or substances, constitutes a present or potential threat to human health, safety, welfare, or to the environment. Toxic or hazardous materials include any synthetic organic chemical, petroleum product, heavy metal, radioactive or infectious waste, acid and alkali, and any substance defined as Toxic or Hazardous under G.L. Ch.21C and Ch.21E, and the regulations at 310 CMR 30.000 and 310 CMR 40.0000.

WATERCOURSE: A natural or man-made channel through which water flows or a stream of water, including a river, brook or underground stream.

WATERS OF THE COMMONWEALTH: All waters within the jurisdiction of the Commonwealth, including, without limitation, rivers, streams, lakes, ponds, springs, impoundments, estuaries, wetlands, costal waters, and groundwater. WASTEWATER: Any sanitary waste, sludge, or septic tank or cesspool overflow, and water that during manufacturing, cleaning or processing, comes into direct contact with or results from the production or use of any raw material, intermediate product, finished product, byproduct or waste product.

SECTION 3: APPLICABILITY

This by-law shall apply to flows entering the municipal storm drainage system.

SECTION 4: AUTHORITY

This bylaw is adopted under the authority granted by the Home Rule Amendment of the Massachusetts Constitution and the Home Rule Procedures Act, and pursuant to the regulations of the Federal Clean Water Act found at 40 CFR 122.34, and the Phase II ruling from the Environmental Protection Agency found in the December 8, 1999 Federal Register.

SECTION 5: RESPONSIBILITY FOR ADMINISTRATION

The Department of Public works shall administer, implement and enforce this bylaw. Any powers granted to or duties imposed upon the Department of Public Works may be delegated in writing by the Department of Public Works to its employees or agents.

SECTION 6: REGULATIONS

The Department of Public Works may promulgate rules and regulations to effectuate the purposes of this by-Law. Failure by the Department of Public Works to promulgate such rules and regulations shall not have the effect of suspending or invalidating this by-law.

SECTION 7: PROHIBITED ACTIVITIES

Prohibited activities are as follows:

- (1) Illicit Discharges: No person shall dump, discharge, cause or allow to be discharged any pollutant or non-stormwater discharge into the municipal storm drain system, into a watercourse, or into the waters of the Commonwealth.
- (2) Illicit Connections: No person shall construct, use, allow, maintain or continue any illicit connection to the municipal storm drain system, regardless of whether the connection was permissible under applicable law, regulation or custom at the time of connection.
- (3) Obstruction of Municipal Storm Drain System: No person shall obstruct or interfere with the normal flow of stormwater into or out of the municipal storm drain system without prior written approval from the Department of Public Works.

SECTION 8: EXEMPTIONS

Exemptions from the by-law are as follows:

- (1) Discharge or flow resulting from fire fighting activities.
- (2) Discharge or flow that results from conditions that require immediate action and occurs during a state of emergency declared by any agency of the Federal or State Government, or by the Dedham Town Administrator, Board or Selectmen or Board of Health.
- (3) The following non-stormwater discharges or flows are exempt from the prohibition of non-stormwater provided that the source is not a significant contributor of a pollutant to the municipal storm drain system:
 - (a) Waterline flushing;
 - (b) Flow from potable water sources;
 - (c) Springs;
 - (d) Natural flow from riparian habitats and wetlands;
 - (e) Diverted stream flow;
 - (f) Rising groundwater;
 - (g) Uncontaminated groundwater infiltration as defined in 40 CFR 35.2005(20), or uncontaminated pumped groundwater;

- (h) Water from exterior foundation drains, footing drains (not including active groundwater dewatering systems), crawl space pumps, or air conditioning condensation;
- (i) Discharge from landscape irrigation or lawn watering;
- (j) Water from individual residential car washing;
- (k) Discharge from dechlorinated swimming pool water (less than one ppm chlorine) provided test data is submitted to the Town substantiating that the water meets the one ppm standard and the pool is drained in such a way as not to cause a nuisance or public safety issue, and complies with all applicable Town by-laws;
- (I) Discharge from street sweeping;
- (m) Dye testing;
- (n) Non-stormwater discharge permitted under an NPDES permit or a Surface Water Discharge Permit, waiver, or waste discharge order administered under the authority of the United States Environmental Protection Agency or the Department of Environmental Protection, provided that the discharge is in full compliance with the requirements of the permit, waiver, or order and applicable laws and regulations; and
- (o) Discharge for which advanced written approval is received from the Conservation Commission and the Department of Public Works as necessary to protect public health, safety, welfare or the environment.

SECTION 9: EMERGENCY SUSPENSION OF STORM DRAINAGE SYSTEM ACCESS

The Department of Public Works may suspend municipal storm drain system access to any person or property without prior written notice when such suspension is necessary to stop an actual or threatened discharge of pollutants that presents imminent risk of harm to the public health, safety, welfare or the environment. In the event any person fails to comply with an emergency suspension order, the Department of Public Works may take all reasonable steps to prevent or minimize harm to the public health, safety, welfare or the environment.

SECTION 10: NOTIFICATION OF SPILLS

Notwithstanding other requirements of local, state or federal law, as soon as a person responsible for a facility or operation, or responsible for emergency response for a facility or operation has information of or suspects a release of

materials at that facility or operation resulting in or which may result in discharge of pollutants to the municipal drainage system or waters of the Commonwealth, the person shall take all necessary steps to ensure containment, and cleanup of the release. In the event of a release of oil or hazardous materials, the person shall immediately notify the municipal Fire and Police Departments, the Conservation Commission and the Department of Public Works. In the event of a release of non-hazardous material, the reporting person shall notify the Conservation Commission and the Department of Public Works no later than the next business day. The reporting person shall provide to the Conservation Commission and the Department of Public Works written confirmation of all telephone, facsimile or in-person notifications within three business days thereafter. If the discharge of prohibited materials is from a commercial or industrial facility, the facility owner or operator of the facility shall retain on-site a written record of the discharge and the actions taken to prevent its recurrence. Such records shall be retained for at least three years.

SECTION 11: ENFORCEMENT

- A. Authorized Agents: The Department of Public Works, or an authorized agent of the Department of Public Works, shall enforce this by-law, regulations, orders, violation notices, and enforcement orders, and may pursue all civil and criminal remedies for such violations.
- B. Civil Relief: If a person violates the provisions of this by-law, regulations, permit, notice, or order issued thereunder, the Department of Public Works may seek injunctive relief in a court of competent jurisdiction restraining the person from activities which would create further violations or compelling the person to perform abatement or remediation of the violation.
- C. Orders: The Department of Public Works, or an authorized agent of the Department of Public Works, may issue a written order to enforce the provisions of this by-law or the regulations thereunder, which may include: (a) elimination of illicit connections or discharges to the municipal sewer system; (b) performance of monitoring, analyses, and reporting; (c) that unlawful discharges, practices, or operations shall cease and desist; and (d) remediation of contamination in connection therewith.
- D. If the enforcing person determines that abatement or remediation of contamination is required, the order shall set forth a deadline by which such abatement or remediation must be completed. Said order shall further advise that, should the violator or property owner fail to abate or perform remediation within the specified deadline, the Town of Dedham may, at its option, undertake such work, and expenses thereof shall be charged to the violator.
- E. Within thirty (30) days after completing all measures necessary to abate the violation or to perform remediation, the violator and the property owner will be notified of the costs incurred by the Town, including administrative costs. The

violator or property owner may file a written protest objecting to the amount or basis of costs with the Department of Public Works within thirty (30) days of receipt of the notification of the costs incurred. If the amount due is not received by the expiration of the time in which to file a protest or within thirty (30) days following a decision of the Department of Public Works affirming or reducing the costs, or from a final decision of a court of competent jurisdiction, the costs shall become a special assessment against the property owner and shall constitute a lien on the owner's property for the amount of said costs. Interest shall begin to accrue on any unpaid costs at the statutory rate provided in G.L. Ch. 59, S. 57 after the thirty-first day at which the costs first become due.

- F. Criminal Penalty: Any person who violates any provision of this by-law, regulation, order or permit issued thereunder, shall be punished by a fine of not more than \$300. Each day or part thereof that such violation occurs or continues shall constitute a separate offense.
- G. Non-Criminal Disposition: As an alternative to criminal prosecution or civil action, the Town of Dedham may elect to utilize the non-criminal disposition procedure set forth in G.L. Ch. 40, §21D. The penalty for each violation shall be \$300. Each day or part thereof that such violation occurs or continues shall constitute a separate offense.
- H. Entry to Perform Duties Under this By-Law: To the extent permitted by state law, or if authorized by the owner or other party in control of the property, the Department of Public Works, its agents, officers, and employees may enter upon privately owned property for the purpose of performing their duties under this by-law and regulations and may make or cause to be made such examinations, surveys or sampling as the Department of Public Works deems reasonably necessary.
- I. Appeals: The decisions or orders of the Department of Public Works shall be final. Further relief shall be to a court of competent jurisdiction.
- J. Remedies Not Exclusive: The remedies listed in this by-law are not exclusive of any other remedies available under any applicable federal, state or local law.

SECTION 12: SEVERABILITY

The provisions of this by-law are hereby declared to be severable. If any provision, paragraph, sentence, or clause, of this by-law or the application thereof to any person, establishment, or circumstances shall be held invalid, such invalidity shall not affect the other provisions or application of this by-law.

SECTION 13: TRANSITIONAL PROVISIONS

Residential property owners shall have 180 days from the effective date of the by-law to comply with its provisions, or petition the Department of Public Works for an extension with the reasons for failure to comply and a schedule for compliance.

PART B: STORMWATER MANAGEMENT PERMIT

SECTION 1: PURPOSE

- A. Increased volumes of stormwater and contaminated stormwater runoff, and soil erosion and sedimentation are the major causes of:
 - (1) Impairment of water quality and flow in lakes, ponds, streams, rivers, wetlands and groundwater;
 - (2) Contamination of drinking water supplies;
 - (3) Alteration or destruction of aquatic and wildlife habitat;
 - (4) Flooding; and
 - (5) Overloading or clogging of municipal catch basins and storm drainage systems.
- B. The objectives of this bylaw are to:
 - (1) Protect water resources:
 - (2) Require practices that eliminate soil erosion and sedimentation;
 - (3) Control the volume and rate of stormwater runoff resulting from land disturbance activities to minimize potential impacts of flooding;
 - (4) Promote infiltration and the recharge of groundwater;
 - (5) Ensure that soil erosion and sedimentation control measures and stormwater runoff control practices are incorporated into the site planning and design process and are implemented and maintained;
 - (6) Require practices to control waste such as discarded building materials, concrete truck washout, chemicals, litter, and sanitary waste at the construction site that may cause adverse impacts to water quality;
 - (7) Prevent pollutants from entering the municipal storm drain system;
 - (8) Ensure adequate long-term operation and maintenance of structural stormwater best management practices;
 - (9) Comply with state and federal statutes and regulations relating to stormwater discharges; and
 - (10) Establish the Town of Dedham's legal authority to ensure compliance with the provisions of this by-law through inspection, monitoring, and enforcement.

SECTION 2: DEFINITIONS

ABUTTER: The owner(s) of land abutting the activity.

AGRICULTURE: The normal maintenance or improvement of land in agricultural or aquacultural use, as defined by the Massachusetts Wetlands Protection Act and its implementing regulations.

ALTERATION OF DRAINAGE CHARACTERISTICS: Any activity on an area of land that changes the water quality, force, direction, timing or location of runoff flowing from the areas. Such changes include: change from distributed runoff to confined, discrete discharge, change in the volume of runoff from the area, change in the peak rate of runoff from the area, and change in the recharge-to-groundwater on the area.

APPLICANT: Any person, individual, partnership, association, firm, company, corporation, trust, authority, agency, department, or political subdivision, of the Commonwealth or the Federal government to the extent permitted by law requesting a soil erosion and sediment control permit for proposed land-disturbance activity.

AUTHORIZED ENFORCEMENT AGENCY: The Conservation Commission, its employees or agents designated to enforce this by-law.

CONSTRUCTION AND WASTE MATERIALS: Excess or discarded building or site materials, including but not limited to concrete truck washout, chemicals, litter and sanitary waste at a construction site that may adversely impact water quality.

CLEARING: Any activity that removes the vegetative surface cover.

DEVELOPMENT: The modification of land to accommodate a new use or expansion of use, usually involving construction.

DISTURBANCE OF LAND: Any action that causes a change in the position, location, or arrangement of soil, sand, rock, gravel of similar earth material.

EROSION: The wearing away of the land surface by natural or artificial forces such as wind, water, ice, gravity, or vehicle traffic and the subsequent detachment and transportation of soil particles.

EROSION AND SEDIMENTATION CONTROL PLAN: A document containing narrative, drawings and details developed by a qualified Professional Engineer (PE) or a Professional Land Surveyor (PLS), which includes best management practices, or equivalent measures designed to control surface runoff, erosion and sedimentation during pre-construction and construction related land disturbance activities.

ESTIMATED HABITAT OF RARE WILDLIFE AND CERTIFIED VERNAL POOLS: Habitats delineated for state-protected rare wildlife and certified vernal

pools for use with the Wetlands Protection Act Regulations (310 CMR 10.00) and the Forest Cutting Practices Act Regulations (304 CMR 11.00).

GRADING: Changing the level or shape of the ground surface.

GRUBBING: The act of clearing land surface by digging up roots and stumps.

IMPERVIOUS SURFACE: Any material or structure on or above the ground that prevents water infiltrating the underlying soil. Impervious surface includes, without limitation, roads, paved parking lots, sidewalks and rooftops.

LAND-DISTURBING ACTIVITY: Any activity that causes a change in the position or location of soil, sand, rock, gravel, or similar earth material.

MASSACHUSETTS ENDANGERED SPECIES ACT: (G.L. c. 131A) and its implementing regulations at (321 CMR 10.00) which prohibit the "taking" of any rare plant or animal species listed as Endangered, Threatened, or of Special Concern.

MASSACHUSETTS STORMWATER MANAGEMENT POLICY: The Policy issued by the Department of Environmental Protection, and as amended, that coordinates the requirements prescribed by state regulations promulgated under the authority of the Massachusetts Wetlands Protection Act G.L. c. 131 §. 40 and Massachusetts Clean Waters Act G.L. c. 21, §. 23-56. The Policy addresses stormwater impacts through implementation of performance standards to reduce or prevent pollutants from reaching water bodies and control the quantity of runoff from a site.

MUNICIPAL STORM DRAIN SYSTEM or MUNICIPAL SEPARATE STORM SEWER SYSTEM: The system of conveyances designed or used for collecting or conveying stormwater, including any road with a drainage system, street, gutter, curb, inlet, piped storm drain, pumping facility, retention or detention basin, natural or man-made or altered drainage channel, reservoir, and other drainage structure that together comprise the storm drainage system owned or operated by the Town of Dedham.

OPERATION & MAINTENANCE PLAN: A plan describing the functional, financial and organizational mechanisms for the on-going operation and maintenance of a stormwater management system to ensure that it continues to function as designed.

OUTFALL: The point at which stormwater flows out from a point source discernible, confined and discrete conveyance into waters of the Commonwealth.

OUTSTANDING RESOURCE WATERS (ORWs): Waters designated by Massachusetts Department of Environmental Protection as ORWs. These

waters have exceptional sociologic, recreational, ecological and/or aesthetic values and are subject to more stringent requirements under both the Massachusetts Water Quality Standards (314 CMR 4.00) and the Massachusetts Stormwater Management Standards. ORWs include vernal pools certified by the Natural Heritage Program of the Massachusetts Department of Fisheries and Wildlife and Environmental Law Enforcement, all Class A designated public water supplies with their bordering vegetated wetlands, and other waters specifically designated.

OWNER: A person with a legal or equitable interest in property.

PERSON: An individual, partnership, association, firm, company, trust, corporation, agency, authority, department or political subdivision of the Commonwealth or the federal government, to the extent permitted by law, and any officer, employee, or agent of such person.

POINT SOURCE: Any discernible, confined, and discrete conveyance, including but not limited to, any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, or container from which pollutants are or may be discharged.

PRE-CONSTRUCTION: All activity in preparation for construction.

PRIORITY HABITAT OF RARE SPECIES: Habitats delineated for rare plant and animal populations protected pursuant to the Massachusetts Endangered Species Act and its regulations.

RUNOFF: Rainfall, snowmelt, or irrigation water flowing over the ground surface.

SEDIMENT: Mineral or organic soil material that is transported by wind or water, from its origin to another location; the product of erosion processes.

SEDIMENTATION: The process or act of deposition of sediment.

SITE: Any lot or parcel of land or area of property where land-disturbing activities are, were, or will be performed.

SLOPE: The incline of a ground surface expressed as a ratio of horizontal distance to vertical distance.

SOIL: Any earth, sand, rock, gravel, or similar material.

STABILIZATION: The use, singly or in combination, of mechanical, structural, or vegetative methods, to prevent or retard erosion.

STORMWATER: Storm water runoff, snow melt runoff, and surface water runoff and drainage.

STORMWATER MANAGEMENT PLAN: A document containing narrative, drawings and details prepared by a qualified Professional Engineer (PE) or a Professional Land Surveyor (PLS), which includes structural and non-structural best management practices to manage and treat stormwater runoff generated from regulated development activity. A Stormwater Management Plan also includes an Operational & Maintenance Plan describing the maintenance requirements for best structural management practices.

STRIP: Any activity which removes the vegetative ground surface cover, including tree removal, clearing, grubbing, and storage or removal of topsoil.

VERNAL POOLS: Temporary bodies of freshwater which provide critical habitat for a number of vertebrate and invertebrate wildlife species.

WATERCOURSE: A natural or man-man channel through which water flows or a stream of water, including a river, brook, or underground stream.

WETLAND RESOURCE AREA: Areas specified in the Massachusetts Wetlands Protection Act G.L. c. 131, § 40 and in the Town of Dedham's wetland by-law.

WETLANDS: Tidal and non-tidal areas characterized by saturated or nearly saturated soils most of the year that are located between terrestrial (land-based) and aquatic (water-based) environments, including freshwater marshes around ponds and channels (rivers and streams), brackish and salt marshes; common names include marshes, swamps and bogs.

SECTION 3: AUTHORITY

This bylaw is adopted under authority granted by the Home Rule Amendment of the Massachusetts Constitution, the Home Rule statutes, and pursuant to the regulations of the Federal Clean Water Act found at 40 CFR 122.34, published in the Federal Register on December 8, 1999.

SECTION 4: APPLICABILITY

This bylaw shall apply to all activities that result in disturbance of twenty thousand (20,000) square feet or more of land in the Town of Dedham. Except as permitted by the Conservation Commission or as otherwise provided in this bylaw, no person shall perform any activity that results in disturbance of twenty thousand (20,000) square feet or more of land.

SECTION 5: EXEMPT ACTIVITIES

- A. Normal maintenance and improvement of land in agricultural use as defined by the Wetlands Protection Act regulation 310 CMR 10.04;
- B. Maintenance of existing landscaping, gardens or lawn areas associated with a single family dwelling;

- C. The construction of fencing that will not substantially alter existing terrain or drainage patterns;
- D. Construction of utilities other than drainage (gas, water, sewer, electric, telephone, etc.) which will not permanently alter terrain or drainage patterns;
- E. Storm water discharges resulting from the activities that are subject to jurisdiction under the Wetlands Protection Act and demonstrate compliance with the Massachusetts Storm Water Management Policy as reflected in an Order of Conditions issued by the Conservation Commission.

SECTION 6: ADMINISTRATION

- A. The Conservation Commission shall administer, implement and enforce this bylaw. Any powers granted to or duties imposed upon, the Conservation Commission may be delegated in writing by the Conservation Commission to its employees or agents.
- B. Waiver: The Conservation Commission may waive strict compliance with any requirement of this by-law or the rules and regulations promulgated hereunder, where:
 - Such action is allowed by federal, state and local statutes and/or regulations,
 - (2) Is in the public interest, and
 - (3) Is not inconsistent with the purpose and intent of this by-law.
- C. Rules and Regulations: The Conservation Commission may adopt, and periodically amend rules and regulations to effectuate the purposes of this bylaw. Failure by The Conservation Commission to promulgate such rules and regulations shall not have the effect of suspending or invalidating this by-law.

SECTION 7: PERMITS AND PROCEDURES

Permits are required prior to an activity disturbing twenty thousand (20,000) square feet or more of land. The site owner or his Agent shall file for the permit with the Conservation Commission; however, any permit will be issued to the Owner.

A. Application: A completed application for a Stormwater Management Permit shall be filed with the Conservation Commission in a form and containing information as specified in this by law and in regulations adopted by the Conservation Commission. A permit must be obtained prior to the commencement of land disturbing activity that may result in the disturbance of an area of twenty thousand (20,000) square feet or more. The Stormwater Management Permit Application package shall include:

- (1) A completed Application Form with original signatures of all owners;
- (2) A list of abutters, certified by the Assessors Office;
- (3) Eight (8) copies of the Erosion and Sediment Control Plan, Stormwater Management Plan, and Operation and Maintenance Plan;
- (4) Payment of the application and review fees; and
- (5) One (1) copy each of the Application Form and the list of abutters filed with the Town Clerk.
- B. Fees: Application fees shall be established by the Conservation Commission to cover expenses connected with public notice, application review, and monitoring permit compliance. In addition, the Conservation Commission may also establish a professional review fee sufficient to cover a professional review based on the magnitude of the project and the potential environmental impacts. The Conservation Commission is authorized to retain a Registered Professional Engineer or other professional consultant to advise the Commission on any or all aspects of these plans. Applicants must pay review fees before the review process may begin. The Applicant for a Stormwater Management Permit may be required to establish and maintain an escrow account to cover the costs of said consultant.
- C. Information Requests: The Commission may request such additional information as is necessary to enable the Commission to determine whether the proposed land disturbance activity will protect water resources and meet the objectives of this by law.
- D. Determination of Completeness: The Conservation Commission shall make a determination as to the completeness of the application and adequacy of the materials submitted. No review shall take place until the application has been found to be complete.
- E. Coordination with Other Boards: On receipt of a complete application for a Stormwater Management Permit, the Conservation Commission shall distribute one (1) copy each to the Planning Board, Department of Public Works, Engineering Department, and Building Department for review and comment.
- F. Entry: Filing an application for a Stormwater Management Permit grants the Conservation Commission, or its Agent, permission to enter the site to verify the information in the application and to inspect for compliance with permit conditions.
- G. Hearing: Within twenty one (21) days of receipt of a complete application for a Stormwater Management Permit, the Conservation Commission shall hold a public hearing and shall take final action within twenty one (21) days from the close of the hearing unless such time is extended by agreement between the Applicant and the Conservation Commission. Notice of the public hearing

shall be given by publication in a local paper of general circulation, by posting and by certified mailings to abutters, at least seven (7) days prior to the hearing. The Conservation Commission shall be responsible for posting the notice at the Town Hall. The Applicant shall be responsible for publishing the notice in the local newspaper and for notifying abutting property owners, by certified mail, return receipt requested. Copies of the certified mail receipts shall be submitted to the Conservation Commission for verification prior to opening the public hearing. The Conservation Commission shall make the application available for inspection by the public during regular business hours at the Town of Dedham Conservation office.

H. Action: The Conservation Commission may:

- Approve the Application and issue a permit if it finds that the proposed plan will protect water resources and meets the objectives and requirements of this by-law;
- (2) Approve the Application and issue a permit with conditions, modifications or restrictions that the Conservation Commission determines are required to ensure that the project will protect water resources and meets the objectives and requirements of this by-law; or
- (3) Disapprove the Application and deny the permit if it finds that the proposed plan will not protect water resources or fails to meet the objectives and requirements of this by-law. If the Conservation Commission finds that the Applicant has submitted insufficient information to describe the site, the work, or the effect of the work on water quality and runoff volume, the Conservation Commission may disapprove the application, denying a permit.
- I. Failure of the Conservation Commission to take final action. Failure of the Conservation Commission to take final action upon an Application within the time specified above shall be deemed to be approval of said Application. Upon certification by the Town Clerk that the allowed time has passed without the Conservation Commission's action, the Stormwater Management Permit shall be issued by the Conservation Commission.
- J. Project Changes: The Permittee, or their Agent, must notify the agent of the Conservation Commission in writing of any change or alteration of a land-disturbing activity before the change or alteration occurs. If the agent of the Conservation Commission determines that the change or alteration is significant, based on the design requirements this by law or the regulations adopted by the Conservation Commission under this by law, the agent of the Conservation Commission may require that an amended application or a full application be filed in accordance with this Section. If any change or alteration from the Stormwater Management Permit occurs during land

disturbing activities the agent of the Conservation Commission may require the installation of interim erosion and sedimentation control measures before approving the change or alteration.

SECTION 8: EROSION AND SEDIMENT CONTROL PLAN

- A. The Erosion and Sediment Control Plan shall contain sufficient information to describe the nature and purpose of the proposed development, pertinent conditions of the site and the adjacent areas, and proposed erosion and sedimentation controls. The applicant shall submit such material as is necessary to show that the proposed development will comply with the design requirements listed in Section 7.B. below.
- B. The design requirements of the Erosion and Sediment Control Plan are:
 - (1) Minimize total area of disturbance;
 - (2) Sequence activities to minimize simultaneous areas of disturbance;
 - (3) Minimize peak rate of runoff in accordance with the Massachusetts Stormwater Policy;
 - (4) Minimize soil erosion and control sedimentation during construction, provided that prevention of erosion is preferred over sedimentation control;
 - (5) Divert uncontaminated water around disturbed areas;
 - (6) Maximize groundwater recharge;
 - (7) Install and maintain all Erosion and Sediment Control measures in accordance with the manufacturers specifications and good engineering practices;
 - (8) Prevent off-site transport of sediment;
 - (9) Protect and manage on and off-site material storage areas (overburden and stockpiles of dirt, borrow areas, or other areas used solely by the permitted project are considered a part of the project);
 - (10) Comply with applicable Federal, State and local laws and regulations including waste disposal, sanitary sewer or septic system regulations, and air quality requirements, including dust control;
 - (11) Prevent significant alteration of habitats mapped by the Massachusetts Natural Heritage & Endangered Species Program as Endangered, Threatened or Of Special Concern, Estimated Habitats of Rare Wildlife

- and Certified Vernal Pools, and Priority Habitats of Rare Species from the proposed activities;
- (12) Institute interim and permanent stabilization measures, which shall be instituted on a disturbed area as soon as practicable but no more than 14 days after construction activity has temporarily or permanently ceased on that portion of the site;
- (13) Properly manage on-site construction and waste materials; and
- (14) Prevent off-site vehicle tracking of sediments.
- C. Erosion and Sedimentation Control Plan Content. The Plan shall contain sufficient information needed to describe the work in detail and at a minimum must contain the information specified in the regulations.

SECTION 9: STORMWATER MANAGEMENT PLAN

The Stormwater Management Plan shall contain sufficient information to describe the nature and purpose of the proposed development, pertinent conditions of the site and the adjacent areas, and proposed best management practices for the permanent management and treatment of stormwater. The Stormwater Management Plan shall contain sufficient information for the Conservation Commission to evaluate the environmental impact, effectiveness, and acceptability of the measures proposed by the Applicant for reducing adverse impacts from stormwater. The Plan shall be designed to meet the Massachusetts Stormwater Management Standards and DEP Stormwater Management Handbook Volumes I and II. The Stormwater Management Plan shall fully describe the project in drawings and narrative. The Applicant shall submit such material as is required by the regulations adopted by the Conservation Commission for the administration of this by law.

SECTION 10: OPERATION AND MAINTENANCE PLANS

A. An Operations and Maintenance Plan (O&M Plan) for the permanent stormwater management system is required at the time of application for all projects. The maintenance plan shall be designed to ensure compliance with this By law and that the Massachusetts Surface Water Quality Standards contained in 314 CMR 4.00 are met in all seasons and throughout the life of the system. The Conservation Commission shall make the final decision of what maintenance is appropriate in a given situation. The Conservation Commission will consider natural features, proximity of site to water bodies and wetlands, extent of impervious surfaces, size of the site, the types of stormwater management structures, potential need for on-going maintenance activities when making this decision, and require the submittal of certified annual reports as part of the O&M Plan. Once approved by the Conservation Commission, the Operations and Maintenance Plan shall be recorded at the Norfolk County Registry of Deeds by the Permittee, shall remain on file with

the Conservation Commission and shall be an on-going requirement. The Operations and Maintenance Plan shall conform to the requirements listed in the regulations adopted by the Conservation Commission for the administration of this by law. Stormwater management easements shall be provided by the property owner(s) in areas and as necessary to carry out the required maintenance.

B. Changes to Operation and Maintenance Plans

- (1) The owner(s) of the stormwater management system must notify the Conservation Commission or its Agent of changes in ownership or assignment of financial responsibility.
- (2) The maintenance schedule in the Maintenance Agreement may be amended to achieve the purposes of this By-law by mutual agreement of the Conservation Commission and the Responsible Parties. Responsible Parties shall include Owner(s), persons with financial responsibility, and persons with operational responsibility. Once the amended Plan is signed, the Conservation Commission shall file it at the Registry of Deeds at the expense of the current Owner(s).

SECTION 11: INSPECTION

- A. Board Inspection. The Conservation Commission, or its designated agent, shall be notified one (1) week prior to the start of construction for inspection of the erosion and sediment control measures by the Commission. One (1) copy of the permit and approved plans shall be maintained at the site during the progress of the work. Subsequent inspections shall be at the discretion of the Commission or its designated Agent.
- B. Permittee Inspections. The Permittee or his/her agent shall conduct and document inspections of all control measures no less than weekly or as specified in the permit, and prior to and following anticipated storm events. The purpose of such inspections will be to determine the overall effectiveness of the control plan, and the need for maintenance or additional control measures. The permittee or his/her agent shall submit monthly reports to Conservation Commission or designated agent in a format approved by Conservation Commission. The Conservation Commission may require, as a condition of approval, that the Permittee's inspections be conducted by a person qualified in environmental monitoring and approved by the Commission.
- C. Access Permission. To the extent permitted by state law, or if authorized by the owner or other party in control of the property, the Conservation Commission, its agents, officers, and employees may enter upon privately owned property for the purpose of performing their duties under this by-law and may make or cause to be made such examinations, surveys or sampling

as Conservation Commission deems reasonably necessary to determine compliance with the permit.

SECTION 12: SURETY

The Conservation Commission may require the Permittee to post before the start of land disturbance activity, a surety bond, irrevocable letter of credit, cash, or other acceptable security. The form of the bond shall be approved by town counsel, and be in an amount deemed sufficient by the Conservation Commission to ensure that the work will be completed in accordance with the permit. If the project is phased, the Conservation Commission may release part of the bond as each phase is completed in compliance with the permit but the bond may not be fully released until the Commission has received the final report and as-built plan as required by Section 13 and issued a certificate of completion.

SECTION 13: FINAL REPORTS AND AS-BUILT PLAN

Upon completion of the work, the Permittee shall submit a report (including certified as-built construction plans) from a Professional Engineer (PE), or Professional Land Surveyor (PLS), certifying that all erosion and sediment control devices, and approved changes and modifications, have been completed in accordance with the conditions of the approved permit. Any discrepancies should be noted in the cover letter. In addition to a paper copy of the as-built construction plan, one digital file shall be submitted in AutoCAD DWG format; but DXF format will be acceptable. The media shall be on CD, DVD, or in another form suitable to the Town. The plan Vertical Datum shall reference the North American Vertical Datum of 1988 (NAVD88), and the plan shall contain a minimum of two benchmarks. The horizontal orientation shall be tied and referenced to the Dedham GIS horizontal control monuments (North American Datum of 1983, NAD83).

SECTION 14: ENFORCEMENT

- A. The Conservation Commission, or an authorized agent of the Commission, shall enforce this by law, regulations, orders, violation notices, and enforcement orders, and may pursue all civil and criminal remedies for such violations.
- B. Orders
 - (1) The Conservation Commission, or an authorized agent of the Commission, may issue a written order to enforce the provisions of this by-law or the regulations thereunder, which may include:
 - a. A requirement to cease and desist from the land-disturbing activity until there is compliance with the by law and provisions of the landdisturbance permit;
 - b. Maintenance, installation or performance of additional erosion and sediment control measures;
 - c. Monitoring, analyses, and reporting;

- d. Remediation of erosion and sedimentation resulting directly or indirectly from the land-disturbing activity.
- (2) If the enforcing person determines that abatement or remediation of erosion and sedimentation is required, the order shall set forth a deadline by which such abatement or remediation must be completed. Said order shall further advise that, should the violator or property owner fail to abate or perform remediation within the specified deadline, the Town of Dedham may, at its option, undertake such work, and the property owner shall reimburse the Town's expenses.
- (3) Within thirty (30) days after completing all measures necessary to abate the violation or to perform remediation, the violator and the property owner shall be notified of the costs incurred by the Town of Dedham, including administrative costs. The violator or property owner may file a written protest objecting to the amount or basis of costs with the Conservation Commission within thirty (30) days of receipt of the notification of the costs incurred. If the amount due is not received by the expiration of the time in which to file a protest or within thirty (30) days following a decision of the Conservation Commission affirming or reducing the costs, or from a final decision of a court of competent jurisdiction, the costs shall become a special assessment against the property owner and shall constitute a lien on the owner's property for the amount of said costs. Interest shall begin to accrue on any unpaid costs at the statutory rate, as provided in G.L. Ch. 59, § 57, after the thirty-first day following the day on which the costs were due.
- C. Criminal Penalty. Any person who violates any provision of this by-law, regulation, order or permit issued there under shall be punished by a fine of not more than \$300. Each day or part thereof that such violation occurs or continues shall constitute a separate offense.
- D. Non-Criminal Disposition. As an alternative to criminal prosecution or civil action, the Town of Dedham may elect to utilize the non-criminal disposition procedure set forth in G.L. Ch. 40, §21D and the Enforcement Appendix of the General By-laws of the Town of Dedham, in which case the enforcing person shall be as defined in the General By-law. The penalty for each violation shall be \$300. Each day or part thereof that such violation occurs or continues shall constitute a separate offense.
- E. Appeals. The decisions or orders of the Conservation Commission shall be final. Further relief shall be to a court of competent jurisdiction.
- F. Remedies Not Exclusive. The remedies listed in this by-law are not exclusive of any other remedies available under any applicable federal, state or local law.

SECTION 15: CERTIFICATE OF COMPLETION

The Conservation Commission will issue a letter certifying completion upon receipt and approval of the final reports and/or upon otherwise determining that all work of the permit has been satisfactorily completed in conformance with this bylaw.

SECTION 16: SEVERABILITY

If any provision, paragraph, sentence, or clause of this by-law shall be held invalid for any reason, all other provisions shall continue in full force and effect.

Or take any other action relative thereto.

MITIGATION FUNDS COMMITTEE

- a.) There shall be a Mitigation Funds Committee which shall advise and make recommendations to the Finance Committee and Town Meeting as to expenditure of funds on deposit in a mitigation stabilization fund. Said committee shall consist at all times of five legal voters of the Town and shall be appointed as provided in this section. Except as hereinafter specifically provided, no person, other than a Town Representative, holding an elective or appointive office in the Town nor any permanent member of a Town Department shall serve on such committee. The members of the committee shall serve without compensation and may employ clerical or other assistance subject to available appropriation. The Committee shall choose its own officers.
- b.) The Moderator shall appoint three of the original members of said committee, who shall serve terms of one, two and three years respectively, as the Moderator shall designate; and annually thereafter, immediately following the dissolution of the business session of the Annual Town Meeting, the Moderator shall appoint one new member to said committee who shall succeed the member appointed by him whose term then shall have expired and who shall serve for a term of three (3) years.
- c.) One member of said committee shall be appointed annually by the Board of Selectmen and such member may but need not be a member of the Board of Selectmen; and one member shall be appointed annually by the Planning Board and such member may but need not be a member of the Planning Board. Members so appointed shall serve terms of one year from the time of the Annual Town Meeting at which they are appointed.

- d.) Whenever any vacancy shall occur in the office of the committee, whether by reason of death, resignation, removal from the Town, appointment or election to Town office or other cause, such vacancy shall be filled by the appointing authority which appointed the member whose position shall have become vacant. A copy of such appointment shall be sent by the appointing authority to the Town Clerk and to the Secretary of the Committee. Any person so appointed to fill that vacancy shall hold office for the unexpired term of the person whom he succeeds.
- e.) For the purposes of this section, a mitigation stabilization fund shall be a special purpose stabilization fund established pursuant to Massachusetts General Laws Chapter 40, Section 5B into which are deposited payments made by developers or parties to an agreement with the Town for a particular purpose or for unrestricted use, including mitigation payments, infrastructure charges or other payments made by a private party in connection with a regulatory activity or a municipal contract, permit application, or by-law. It shall be the duty of the committee to confer with the Finance Committee and the Director of Finance to determine the amount and availability of mitigation stabilization funds and to confer with Town boards, commissions, committees, officers, employees, and other agencies and departments of the Town, all of which shall cooperate with the committee in arriving at recommendations for expenditure of such funds for the purposes designated in the grant of such funds or, if unrestricted, for general municipal purposes; and all such agencies and departments or other authorities of the Town shall furnish to the committee on the second Friday in September in each year in which mitigation stabilization funds are available detailed estimates of the expenditures necessary for improvements under their jurisdiction for the ensuing five years. The committee shall prepare, in each year in which mitigation stabilization funds are available, a recommendation of expenditures for mitigation stabilization funds, including recommendations for the scheduling of such expenditures, to the Town Administrator, Board of Selectmen and Planning Board by the first Friday in January. In conjunction with the submission of the annual budget message, the Town Administrator shall propose a plan for the expenditure of such mitigation stabilization funds and the probable impact of such expenditures on the tax rate of the Town and shall furnish such report and recommendations to the Finance Committee.
